HIMACS SOLID SURFACE

HIMACS SHEET DIMENSIONS & WEIGHT

1/2" Thickness:	30" x 145", 126 lbs (760 mm x 3680 mm, 57 kg)
*3/8" Thickness:	30" x 145", 95 lbs (760 mm x 3680 mm, 43 kg)
*1/4" Thickness:	30" x 98", 45 lbs (760 mm x 2490 mm, 20 kg)

The inch dimensions are nominal. All colors are available in 1/2" thickness. Contact your HIMACS Representative for other thickness (*) availability.

SOLID SINKS

Following sinks are offered in Arctic White and Ivory White only: 1216A, 1216B, 1419, 1421, 1715, 1931

KITCHEN

BATH

THE NEW GENERATION OF INSPIRATION

There are no limits - The new generation of inspiration is here. Design has no boundaries and imagination leads the way. From functional kitchen surfaces and spaces to 3-dimensional installations, the unique properties of HIMACS solid surface material allows you to create what once could only be dreamed.

HIMACS BENEFITS

Unlimited Design Options
HIMACS can be thermoformed, cut, drilled, shaped, routed and joined together to accommodate a multitude of applications.

Hygienic & Non-porous
HIMACS is non-porous and safe for food preparation. It is certified by NSF (National Sanitation Foundation) and can be used for a broad range of application where hygiene is essential.

Inconspicuous Seams
When two sheets are combined, HIMACS can look like a continuous material.

Easy Care
HIMACS is easy to clean and does not need sealing or special products for maintenance.

Renewable
HIMACS can be restored to its original state like it is new. Deep scratches or damage may be restored by a certified professional.

Search for LX Hausys on NSF.org to see the listing of certified HIMACS colors. CGI renderings are shown for illustration purpose only.

✧ Noted color is translucent and provides a sensuous look when combined with light source.
⌘ Noted colors exhibit increased movement and variation of color and pattern which cannot be fully recognized on some samples. Seams may be noticeable in these colors.

Darker colors tend to require more attention than lighter colors to maintain a uniform finish. Darker colors also require more maintenance to keep their "like new" appearance. Under typical use, they will show dirt, scratches, fingerprints, and watermarks more than lighter colors or patterns. Consult with your HIMACS representative for the best use of these colors.

Printed representation of color may vary from the actual product. Please view the actual product prior to purchase.
